

The Groveley Group

Quality and Environmental Policy & Objectives

It is Groveley's policy to supply products and services at a level of integrity that merits total customer satisfaction. We are committed to meeting or exceeding customer expectations whilst also seeking to minimise the environmental impacts associated with our design, manufacture and assembly of products and provision of services. We aim to achieve this with a fully integrated and committed workforce who desires to be the Best.

We will comply with applicable environmental legislation and other environmental requirements to which the company subscribes, as well as our customer and applicable product statutory and regulatory requirements.

Our quality and environmental objectives and targets are contained within our Business Plan and within the Quality and Environmental Management System, and communicated to all employees.

We are committed to:

- Conducting regular management reviews to ensure we are reviewing objectives and targets and continually improving the effectiveness and performance of our Management System.
- Maintaining our Quality and Environmental Management System, and complying with the requirements of ISO9001 and ISO14001.
- Being open about our environmental activities with all stakeholders including employees, customers, suppliers and regulators.
- Providing environmental awareness training and involving all employees in our environmental improvement programme.
- Minimising waste through reuse and recycling, sending waste to landfill as a last resort.
- Minimising energy usage by involving all members of staff in energy conservation initiatives.
- Preventing pollution through training and education.
- Considering environmental aspects within our design, manufacturing and assembly capabilities.
- Aiming for zero customer complaints, delivering goods and services of the correct quality on time and in full.
- Delivering customer value.
- Increasing efficiency and productivity with a stable workforce.

This policy is not in any way restricted, it is displayed around the company site and is available to all interested parties.
